EPOS

NATURAL STONE IN DESIGN AND FEEL. THANKS TO THE MOST UP-TO-DATE EXTRUTECH® TECHNOLOGY AS EVER, EASY TO CLEAN AND FROST RESISTANT.

Epos is the easy-to-use solution for an environmentally friendly, easy-clean and reliable stone floor effect. Distinctive natural stone ceramic – processed with care; made possible by means of state-of-the-art digital printing technology that does not produce a ‘transfer’ look that is otherwise common with digital printing.

This is where the ‘look’ and the ‘feel’ produce a special impression together. Thanks to Hardglaze 3.0, developed especially for digital printing, you have to look very hard – or feel very carefully – to detect that it isn’t really natural stone. And that is combined with the typical hard glaze extra-easy cleaning characteristics.
